

# Jennifer Lieu

## Junior Full Stack Developer

github.com/jenniferlieu • linkedin.com/in/jenlieu • jenlieu.com

Self-motivated junior full stack developer with hands-on experience in building and deploying full-stack web applications in cross-functional teams. Skilled in developing back-end APIs using Laravel PHP and Java Servlet, and building responsive front-end components using React. Quick to learn new technologies, picked up Laravel PHP and Docker within 1 week to set up the back-end, onboard team, and start contributing effectively.

## EDUCATION

**Bachelor of Science in Computer Science** • Temple University, Philadelphia, PA

December 2023

## SKILLS

**Programming Languages:** JavaScript, C, Python, Go, Java, PHP, HTML, CSS

**Frameworks & Databases:** React, Tailwind, Bootstrap, Laravel PHP, PostgreSQL, MongoDB, MySQL

**Technologies & Tools:** REST APIs, WebSocket, Git, Docker, Jira, Postman, Figma, GitHub Actions, Agile Development

**Soft Skills:** Self-Motivated, Detail-Oriented, Quick Learner, Organization, Teamwork, Collaboration

## PROJECTS

### Location-Based Meetup App for In-Person Gaming

October 2023 - December 2023

*React, Laravel PHP, Tailwind, PostgreSQL, Docker, WebSocket, CI/CD*

- Implemented core backend features, including authentication, real-time updates with WebSockets, and integrations with Google Maps and IGDB
- Reviewed code submissions, debugged and troubleshooted issues, collaborated with team in project planning
- Implemented an automated CI/CD pipeline using GitHub Actions to streamline testing and deployment

### Real-Time Multiplayer Web Game for Parties and Fun

October 2022 - November 2022

*React, Go, Bootstrap, WebSocket*

- Implemented front-end architecture for page routing, state management, and built responsive UI components to display connected users live
- Ensured seamless real-time gameplay for 30+ concurrent users by integrating WebSockets
- Participated in project planning to define user flows and layout structure based on game-play requirements

## WORK EXPERIENCE

### Temp Data Entry Clerk • PSI Personnel, Doylestown, PA

November 2024 - Present

- Efficiently and accurately process vehicle titles and registrations in compliance with state guidelines
